Re Development Permit #2026-079

To Whom It May Concern,

I am writing this note in support of the Appeal of the above Development Permit. As a member of the neighborhood where this proposed "Tourist Home" is located, and having previous experience with residing beside a Short Term Rental, I have some concerns over the granting of this permit including but not limited to safety, community cohesion, and the lack of prior notice of the application proposal.

Notwithstanding that a Tourist Home is a permitted use of this property, I would have expected that a notice of the application would have been posted on the property, or the affected property owners close to it would have received notice of the application, so that comments and concerns could have been provided prior to the approval. The owner of the property went house to house and introduced himself prior to construction, providing his contact info should there be any issues with the builder or tradespeople. He did not at any time, nor during any conversations with neighbors, advise that he was building a Tourist Home.

The street which this property is located on is a close or loop street, at the end of 228th Street. The residents of the homes in this area are tight knit, frequently socialize together, help each other and look out for one another. The operation of a Tourist Home will negatively affect us, as having strangers come and go, often 1 reservation after another, will create an environment whereby we no longer know who is in the area legitimately, and who is not. This is concerning from a safety standpoint, especially considering the seniors in the area, and the fact that the school bus stop is approximately 1 block away.

Having lived next to a Short Term Rental in the past, I personally share my concerns regarding issues created by such use. Noise from parties and gatherings happen quite often as guests do not have respect for the neighbors or their schedules. Increased foot traffic and late night check-ins can become disruptive, as guests often treat the property like a vacation spot as opposed to a residential neighborhood. Improper disposal of garbage and inadequate cleaning of barbeques create animal attractants, which are a nuisance.

To be clear, myself and a number of my neighbors are against this granting of the above Development Permit, and hope you will consider these points before your final approval.

Application Complete:	7/23/2026
Notice of Decision:	August 13, 2026
Appeal Period Expires:	September 3, 2026

This is not a
Development Permit

Approving Authority:	Development Officer
Land Use District:	Residential R-1
Civic Address:	22801 4 Avenue
Legal Land Description:	Lot(s) 9-10 Block 23 Plan 5150S
Proposed Development:	For a "Tourist Home" (discretionary use)

Dear Sir or Madam:

Please be advised that the **Development Permit application DP2026-079 was approved** subject to the following conditions:

1. The Development Permit approved in this Notice of Decision shall not be issued and shall be of no effect, and construction / placement of the development shall not commence, until all "Prior to Issuance Conditions" stated in this Notice of Decision have been met or fulfilled.
2. This Notice of Decision shall remain effective for a period of six (6) months and shall then expire and be deemed null and void unless the applicant or landowner (proponent of the proposed development) to whom the Notice of Decision was issued continues to collaborate with the Development Authority to satisfy or complete the "Prior to Issuance Conditions" and, if required, an extension is approved by the Development Authority.

Prior to Issuance Conditions (these conditions are to be satisfied prior to issuance of a development permit and will only form part of the Notice of Decision and not part of the formal development permit issued however, the development permit shall be of no effect until these conditions have been satisfied)

3. An appeal period of twenty-one (21) days from the date of the Development Authority's Notice of Decision applies, and if any appeals are submitted the development permit shall not be issued until such appeals are dealt with by the Subdivision and Development Appeal Board or the Land and Property Rights Tribunal, as may be applicable.

Time Specific Conditions After Issuance (deadline for enforcement or for the validity of the development permit)

4. The landowner shall install and maintain for the lifetime of the Short-Term Rental / Bed & Breakfast, Tourist Home operation one wall sign or freestanding sign between 0.18m² (3ft²) and 0.72m² (8ft²), that shall not extend more than 1.5metres (5ft) above grade and shall be located in the front yard visible to the public. The sign shall be installed no later than 3-months from the date the development permit is issued.
5. The applicant or landowner shall commence the approved development and carry it out with reasonable diligence, in the opinion of the Development Officer, within 12 months from the date of issuance of the development permit and / or within the specific timelines and by the specific deadlines stated in this development permit, otherwise the permit shall be deemed to be null and void (for this purpose, "commence" may include applying for a building permit under the Safety Codes Act).

Conditions of a Continuing Nature (Permanent Conditions)

6. The applicant or landowner shall ensure that the development complies with and is carried out and completed in its entirety in conformance with the attached approved site plan and the development standards in the Land Use Bylaw 1165, 2023 (except as approved by variance in the table below). Failure to conform to the approved site plan without an approved amendment may result in enforcement measures pursuant to the Municipal Government Act and the Land Use Bylaw:

TOURIST HOME - STANDARDS	PROPOSED	VARIANCE REQUESTED
Minimum separation distance between Tourist Homes- 200m (R-1 through R-5)	345m	(The Development Authority cannot approve a variance)
# of off-street parking stalls (1 stall per 4 guests)	2	NA
# of Guests Per Bedroom - Maximum two guests per bedroom	2	N/A
Maximum Occupancy - Maximum of 6 guests over the age of two in the Residential R-1 district.	6	(The Development Authority cannot approve a variance) – 2 requested
Maximum Number of Rental Units - Maximum one	1	(The Development Authority cannot approve a variance)
Sign Residential Districts: one sign is required, between 0.18m ² and 0.72m ² in sign area, not exceeding 1.5m in height, and located in the front yard	0.36m ² x 0.6m ²	N/A

7. The Tourist Home shall not advertise for or accommodate more than six guests over the age of two.
8. The Landowner shall not operate more than one Tourist Home rental unit per certificate of title, regardless of the number of approved dwelling units on the parcel (e.g. Secondary Suite, Duplex/Semi-Detached, Multi-unit Residential Building or an Apartment).
9. Any portion of the building that is not rented as part of the approved Tourist Home rental unit (Secondary Suite, Duplex / Semi-Detached Dwelling) shall remain unoccupied during the rental period

of the Tourist Home. More than one dwelling unit shall not be occupied unless the development permit for the Tourist Home is surrendered and revoked.

10. A recreational vehicle shall not be used as accommodation for the landowner / operator, other residents of the property or for the Short-Term Rental / Bed & Breakfast or Tourist Home guests.
11. A minimum of two (2) off-street parking spaces per unit shall be maintained as required in the Land Use Bylaw. Parking of vehicles associated with the business shall be confined to within the subject parcel only. Parking for all recreation vehicles, utility trailers and ATV trailers associated with the use of a Short-Term Rental / Bed & Breakfast or Tourist Home that are disengaged from the towing vehicle shall be accommodated on the subject property and, unless otherwise approved by the Development Authority, shall be located in the rear yard or the side yard.
12. The Short-Term Rental / Bed & Breakfast, Tourist Home development permit owner shall provide to the Development Officer the name and phone number of a local person (an adult) who can respond to any complaints in person within a 30-minute contact time, and who is authorized to act as their representative. The owner of the Tourist Home shall be required as a condition of approval to keep this information up to date throughout the lifetime of the Tourist Home operation.
13. The Short-term Rental / Bed & Breakfast, Tourist Home Landowner shall post their development permit number and business license number and the approved number of rental units and approved maximum occupancy on all of their advertisements of the rental property as a condition of development permit approval. Failure to advertise correctly will result in land use bylaw enforcement, including a Municipal Violation Tag and fine.
14. A Short-Term Rental / Bed & Breakfast, Tourist Home development permit shall only be valid as long as it coincides with an active Business License and a development permit. If the Business License lapses, is transferred to another person, or is revoked for any reason, the development permit will expire, and a new application will be required to reinstate the development permit and subsequently the business license. The development permit shall be temporary and the period for which it shall be valid shall coincide with the period during which the original applicant for the development permit holder continues to be the property owner - for greater clarity, in the event that the property is transferred to a third party the development permit expires, and a new development permit application by the new property owner would be required to continue the operation.
15. It is the responsibility of the Landowner to comply with federal and provincial legislation (e.g. Alberta Health, Safety Codes Act and Fire Code regulations) and other municipal bylaws [e.g. the Community Standards Bylaw regarding the control of wildlife attractants (e.g. by providing a bear proof garbage receptacle), restrictions on noise, loud music or other disturbances, and the requirement to obtain a business license under the Business License Bylaw].
16. The operator of a Short-Term Rental / Bed & Breakfast or a Tourist Home shall make available to their guests a copy of this schedule of the Land Use Bylaw, the Community Standards Bylaw, the Fire and Rescue Services Bylaw, and shall ensure that guests are aware of and adhere to fire bans in the area – albertafirebans.ca.
17. Contraventions/violations of this or any other municipal bylaw by the operator of a Short-Term Rental / Bed & Breakfast or a Tourist Home or by their guests shall result in the issuing of a Municipal Violation Tag (fine) pursuant to the Fees Rates and Charges Bylaw to the Landowner or guest depending on the infraction.
18. The Developer and/or the Landowner shall ensure that any changes to the lot grading maintains positive drainage directing the flow of all surface stormwater away from building foundations towards adjacent streets and lanes without adversely affecting (e.g. erosion, flooding) adjacent properties,

roads, lanes, public property, or public infrastructure, including where applicable in such a manner that the post-development rate and volume of surface stormwater drainage from the subject property do not exceed the pre-development rate and volume of surface stormwater drainage. Should retaining walls be required as part of the stormwater drainage system, additional development permits are required, and construction shall be completed by the landowner at no cost to the municipality.

19. The Land Use Bylaw 1165, 2023, as amended, contains development standards and regulations that apply to this development permit and for which the landowner is responsible to comply with, at no cost to the Municipality of Crowsnest Pass. These regulations address matters relating to many aspects of the approved development or use e.g., access to the property, lines of sight, public safety setbacks, parking requirements, lot grading, maintaining positive drainage towards abutting roads and/or lanes, outdoor storage, etc. It is the Landowner's and/or Applicant's responsibility to ensure that they are fully aware of and comply with all the applicable development standards and regulations in the Land Use Bylaw that may apply to the proposed development or use. Please contact the Municipality's Department of Development, Engineering & Operations for assistance if required.
20. This development permit approves only the development contained herein, and a further application is required for any changes or additions.
21. Failure to comply with any one or more of the conditions listed in this development permit either by a specified deadline or at any time throughout the lifetime of the development permit, as may be applicable, or implementation of the development contrary to the approved site plan and/or approved variances, shall result in enforcement through a Stop Order and corresponding fees, rates, charges, or fines pursuant to the Municipality's Fees, Rates and Charges Bylaw in effect at the time of the non-compliance.

Important Information & Notes:

- a) The review or approval of a development permit application does not include matters that are regulated by other authorities, for example but not limited to a building permit (Safety Codes Act, s. 66), community health standards, wildlife species at risk, or approvals required from Alberta Environment and Protected Areas or the federal Department of Fisheries and Oceans. Therefore, the Municipality of Crowsnest Pass and/or its Development Authority do not conduct or require independent environmental checks or other investigations or assessments of private land [for example, but not limited to, matters regarding species at risk, migratory birds, birds of prey, bear dens, or other wildlife, or underground mines, or the presence or absence of any environmental contaminants (except, regarding the latter, requiring an environmental study for a setback distance variance pursuant to the Matters Related to Subdivision and Development Regulation AR 84/2022, and except studies and assessments as may be required pursuant to the Land Use Bylaw, e.g. a slope stability assessment)]. If the landowner, the development permit applicant, or an adjacent landowner or other affected party is concerned about any such matters, they should conduct their own tests and reviews. When issuing a development permit, the Municipality of Crowsnest Pass and/or its Development Authority approve a proposed development only for land use planning purposes, and do not make representations and do not offer warranties as to the suitability or otherwise of the subject property for any purpose.
- b) By accepting the development permit issued herein, or issued subsequent to an appeal decision, and by acting to implement the development approved within this development permit, the landowner and applicant indemnifies and holds harmless the Municipality of Crowsnest Pass, its Development Authority, and its employees and agents from any and all claims, demands, actions, and costs whatsoever that may arise, directly or indirectly, from anything done or omitted to be done in the construction, maintenance, alteration or operation of the works authorized in the development permit.
- c) It is the responsibility of the landowner, including successors in title, to comply with the conditions imposed on this development permit.
- d) The issuance of a Development Permit indicates only that the development to which the Development Permit relates is authorized in accordance with the provisions of the Municipality of Crowsnest Pass Land Use Bylaw and does not in any way relieve or excuse the Landowner and/or the Development Permit holder from obtaining any other permit (including authorization to modify a wetland, safety codes permits e.g. building, electrical, gas, plumbing, Historical Resources Act approval, Highways Development and Protection Act, etc.), license, or other authorization required by any Federal or Provincial Act or regulation, or under any Bylaw of the Municipality (e.g. a business license), or complying with the conditions of any easement, covenant, agreement, or other instrument affecting the building or land. The Landowner and/or the Applicant is

responsible to ensure compliance with these matters, at the sole risk and responsibility of the Applicant/property owner to the exoneration of the Municipality of Crowsnest Pass from any liability related to these matters, and at no cost to the Municipality of Crowsnest Pass. The applicable requirements may include the following:

- (i) An application under the Historical Resources Act via the Online Permitting and Clearance (OPaC) process (<https://www.alberta.ca/online-permitting-clearance>) to the Historic Resources Management Branch of Alberta Arts, Culture, and Status of Women, and compliance with any requirements, terms, and conditions of such clearance.
- e) The Applicant/property owner is responsible for the following aspects as may be applicable to this development permit, at the sole risk and responsibility of the Applicant/property owner to the exoneration of the Municipality of Crowsnest Pass from any liability related to these matters, and at no cost to the Municipality of Crowsnest Pass:
 - (i) Determining the legal property boundaries and any applicable easements through a survey by an Alberta Land Surveyor before foundations are excavated or poured and before construction proceeds above ground level.
 - (ii) Ensuring that any structures approved under this Development Permit are constructed such that they are correctly set back from the property boundaries in compliance with the front, rear, and side yard setbacks approved in this Development Permit. The landowner should consult an Alberta Land Surveyor for this purpose.
 - (iii) Ensuring that the development and the associated excavation and/or construction activity approved under this Development Permit shall not disturb, affect, or alter conditions of all utilities and appurtenances, drainage rights-of-way, utility rights-of-way, access rights-of-way, and any easements as they may exist, over, under, or through the Lands. The landowner should consult a professional engineer and/or an Alberta Land Surveyor and/or the relevant utility company / utility owner for this purpose.
 - (iv) Ensuring that the development and/or any associated structures and/or the associated excavation and/or construction activity approved under this Development Permit is undertaken in a manner that does not cause or result in a public safety risk or concern, or a nuisance, disturbance, or damage to adjacent properties and/or roads, lanes, or other municipal infrastructure. The landowner should consult a legal professional, a professional engineer and/or an Alberta Land Surveyor for this purpose.
 - (v) Ensuring that all equipment, waste bins, portable toilets, building materials, and excavation stockpiles associated with construction activity approved under this development permit are placed within the subject property boundaries, and that where such items must encroach onto adjacent private property and/or adjacent boulevards, sidewalks, streets and /or lanes, that the adjacent landowner's consent has been obtained and/or that the Municipality has authorized such encroachment through a hoarding permit under the Traffic Bylaw (please contact the Manager of Transportation or a Community Peace Officer).
 - (vi) Making suitable arrangements with utility companies for the provision of all services and/or necessary easements for utility rights-of-way.
 - (vii) Notifying Utility Safety Partners (Alberta 1st Call) at <https://utilitiesafety.ca/wheres-the-line/submit-a-locate-request/> or 1-800-242-3447 to arrange for field location of buried utilities prior to excavation for the proposed development.
 - (viii) Ensuring that permanent structures are located outside the 1:100-year flood plain of any water body. The landowner should consult a wetland assessment practitioner and/or an Alberta Land Surveyor for this purpose.
 - (ix) Ensuring that construction activity approved under this Development Permit does not result in the modification of a wetland without provincial approval. The landowner should consult a wetland assessment practitioner for this purpose.
 - (x) Ensuring that foundation and drainage systems on a property with an effective grade / slope of greater than 15% are designed in accordance with the recommendations in a slope stability assessment and/or a grading plan / stormwater management plan, as may be applicable, prepared by a professional engineer, and that the same are constructed under the supervision of a professional engineer, to protect the bank from erosion and to ensure slope stability.
 - (xi) Ensuring that a 2-meter separation is provided between the water table and footings for the buildings. The landowner should consult a professional engineer for this purpose.
 - (xii) Ensuring that sub-surface conditions are suitable for the proposed construction and, where necessary, that foundations have been designed by a professional engineer.
 - (xiii) Ensuring that the property is graded in such a manner that positive drainage directing the flow of all surface stormwater away from building foundations towards adjacent streets and lanes is maintained without adversely affecting (e.g. erosion, flooding) adjacent properties, roads, lanes, public property, or public infrastructure, including where applicable in such a manner that the post-development rate and volume of surface stormwater drainage from the subject property do not exceed the pre-development rate and volume of surface stormwater drainage. Should retaining walls be required as part of the stormwater drainage system, additional development permits are required, and construction shall be

completed by the landowner at no cost to the municipality. Where an approved grading plan or stormwater management plan exists, the property must be graded (finished grade) in accordance with the grading plan or stormwater management plan. The landowner should consult a professional engineer and an Alberta Land Surveyor for this purpose.

- (xiv) Being aware of FireSmart Regulations including the Municipality's FireSmart Bylaw and Safety Codes Permit Bylaw as may be applicable.
 - (xv) This document does not provide permission to commence a use, start construction or occupy a building (as may be applicable) until all prior to issuance conditions have been satisfied to the Development Authority's satisfaction, and any applicable appeal period has expired. It is the owner's responsibility to ensure that all development permit conditions have been satisfied, and other applicable permits are applied for and issued before commencing a use, start construction, or occupy a building, and that construction is inspected and permits closed, before occupancy. It is the responsibility of the owner or owner's agent to make an application to the Municipality for an Occupancy and Completion Certificate prior to taking occupancy.
- f) As part of the development permit review the Development Officer considered the following items checked in the table below, and relevant conditions were imposed on the development permit as deemed applicable:

Lot (m ²)	670.25	Provincial Historic Resource Value (Archaeology)	3h
Abandoned Gas Wells	N/A	Abandoned Coal Mines	N/A
Transportation & Economic Corridor (direct access or structure within 40 m of Hwy 3 / 40)	N/A	Provincial Historic Designation	N/A
Hydrography through parcel	N/A	Historic Commercial Areas Overlay District	N/A
High Pressure Gas Main	N/A	Municipal Historic Resource Designation / MCNP Heritage Inventory	N/A
Contours – Steep Grade	Yes	Historic Resource Designation by Bylaw	N/A

Important Information & Notes:

- g) The review or approval of a development permit application does not include matters that are regulated by other authorities, for example but not limited to a building permit (Safety Codes Act, s. 66), community health standards, wildlife species at risk, or approvals required from Alberta Environment and Protected Areas or the federal Department of Fisheries and Oceans. Therefore, the Municipality of Crowsnest Pass and/or its Development Authority do not conduct or require independent environmental checks or other investigations or assessments of private land [for example, but not limited to, matters regarding species at risk, migratory birds, birds of prey, bear dens, or other wildlife, or underground mines, or the presence or absence of any environmental contaminants (except, regarding the latter, requiring an environmental study for a setback distance variance pursuant to the Matters Related to Subdivision and Development Regulation AR 84/2022, and except studies and assessments as may be required pursuant to the Land Use Bylaw, e.g. a slope stability assessment)]. If the landowner, the development permit applicant, or an adjacent landowner or other affected party is concerned about any such matters, they should conduct their own tests and reviews. When issuing a development permit, the Municipality of Crowsnest Pass and/or its Development Authority approve a proposed development only for land use planning purposes, and do not make representations and do not offer warranties as to the suitability or otherwise of the subject property for any purpose.
- h) By accepting the development permit issued herein, or issued subsequent to an appeal decision, and by acting to implement the development approved within this development permit, the landowner and applicant indemnifies and holds harmless the Municipality of Crowsnest Pass, its Development Authority, and its employees and agents from any and all claims, demands, actions, and costs whatsoever that may arise, directly or indirectly, from anything done or omitted to be done in the construction, maintenance, alteration or operation of the works authorized in the development permit.
- i) It is the responsibility of the landowner, including successors in title, to comply with the conditions imposed on this development permit.

- j) The issuance of a Development Permit indicates only that the development to which the Development Permit relates is authorized in accordance with the provisions of the Municipality of Crowsnest Pass Land Use Bylaw and does not in any way relieve or excuse the Landowner and/or the Development Permit holder from obtaining any other permit (including authorization to modify a wetland, safety codes permits e.g. building, electrical, gas, plumbing, Historical Resources Act approval, Highways Development and Protection Act, etc.), license, or other authorization required by any Federal or Provincial Act or regulation, or under any Bylaw of the Municipality (e.g. a business license), or complying with the conditions of any easement, covenant, agreement, or other instrument affecting the building or land. The Landowner and/or the Applicant is responsible to ensure compliance with these matters, at the sole risk and responsibility of the Applicant/property owner to the exoneration of the Municipality of Crowsnest Pass from any liability related to these matters, and at no cost to the Municipality of Crowsnest Pass. The applicable requirements may include the following:
- (ii) An application under the Historical Resources Act via the Online Permitting and Clearance (OPaC) process (<https://www.alberta.ca/online-permitting-clearance>) to the Historic Resources Management Branch of Alberta Arts, Culture, and Status of Women, and compliance with any requirements, terms, and conditions of such clearance.
 - (iii) Review of the proposed site plan by Alberta Environment and Protected Areas, and obtaining approvals from that agency, if any are required.
- k) The Applicant/property owner is responsible for the following aspects as may be applicable to this development permit, at the sole risk and responsibility of the Applicant/property owner to the exoneration of the Municipality of Crowsnest Pass from any liability related to these matters, and at no cost to the Municipality of Crowsnest Pass:
- (xvi) Determining the legal property boundaries and any applicable easements through a survey by an Alberta Land Surveyor before foundations are excavated or poured and before construction proceeds above ground level.
 - (xvii) Ensuring that any structures approved under this Development Permit are constructed such that they are correctly set back from the property boundaries in compliance with the front, rear, and side yard setbacks approved in this Development Permit. The landowner should consult an Alberta Land Surveyor for this purpose.
 - (xviii) Ensuring that the development and the associated excavation and/or construction activity approved under this Development Permit shall not disturb, affect, or alter conditions of all utilities and appurtenances, drainage rights-of-way, utility rights-of-way, access rights-of-way, and any easements as they may exist, over, under, or through the Lands. The landowner should consult a professional engineer and/or an Alberta Land Surveyor and/or the relevant utility company / utility owner for this purpose.
 - (xix) Ensuring that the development and/or any associated structures and/or the associated excavation and/or construction activity approved under this Development Permit is undertaken in a manner that does not cause or result in a public safety risk or concern, or a nuisance, disturbance, or damage to adjacent properties and/or roads, lanes, or other municipal infrastructure. The landowner should consult a legal professional, a professional engineer and/or an Alberta Land Surveyor for this purpose.
 - (xx) Ensuring that all equipment, waste bins, portable toilets, building materials, and excavation stockpiles associated with construction activity approved under this development permit are placed within the subject property boundaries, and that where such items must encroach onto adjacent private property and/or adjacent boulevards, sidewalks, streets and /or lanes, that the adjacent landowner's consent has been obtained and/or that the Municipality has authorized such encroachment through a hoarding permit under the Traffic Bylaw (please contact the Manager of Transportation or a Community Peace Officer).
 - (xxi) Making suitable arrangements with utility companies for the provision of all services and/or necessary easements for utility rights-of-way.
 - (xxii) Notifying Utility Safety Partners (Alberta 1st Call) at <https://utilitysafety.ca/wheres-the-line/submit-a-locate-request/> or 1-800-242-3447 to arrange for field location of buried utilities prior to excavation for the proposed development.
 - (xxiii) Ensuring that permanent structures are located outside the 1:100-year flood plain of any water body. The landowner should consult a wetland assessment practitioner and/or an Alberta Land Surveyor for this purpose.
 - (xxiv) Ensuring that construction activity approved under this Development Permit does not result in the modification of a wetland without provincial approval. The landowner should consult a wetland assessment practitioner for this purpose.
 - (xxv) Ensuring that foundation and drainage systems on a property with an effective grade / slope of greater than 15% are designed in accordance with the recommendations in a slope stability assessment and/or a grading plan / stormwater management plan, as may be applicable, prepared by a professional engineer, and that the same are constructed under the supervision of a professional engineer, to protect the bank from erosion and to ensure slope stability.
 - (xxvi) Ensuring that a 2-meter separation is provided between the water table and footings for the buildings. The landowner should consult a professional engineer for this purpose.

- (xxvii) Ensuring that sub-surface conditions are suitable for the proposed construction and, where necessary, that foundations have been designed by a professional engineer.
- (xxviii) Ensuring that the property is graded in such a manner that positive drainage directing the flow of all surface stormwater away from building foundations towards adjacent streets and lanes is maintained without adversely affecting (e.g. erosion, flooding) adjacent properties, roads, lanes, public property, or public infrastructure, including where applicable in such a manner that the post-development rate and volume of surface stormwater drainage from the subject property do not exceed the pre-development rate and volume of surface stormwater drainage. Should retaining walls be required as part of the stormwater drainage system, additional development permits are required, and construction shall be completed by the landowner at no cost to the municipality. Where an approved grading plan or stormwater management plan exists, the property must be graded (finished grade) in accordance with the grading plan or stormwater management plan. The landowner should consult a professional engineer and an Alberta Land Surveyor for this purpose.
- (xxix) Being aware of FireSmart Regulations including the Municipality's FireSmart Bylaw and Safety Codes Permit Bylaw as may be applicable.
- (xxx) This document does not provide permission to commence a use, start construction or occupy a building (as may be applicable) until all prior to issuance conditions have been satisfied to the Development Authority's satisfaction, and any applicable appeal period has expired. It is the owner's responsibility to ensure that all development permit conditions have been satisfied, and other applicable permits are applied for and issued before commencing a use, start construction, or occupy a building, and that construction is inspected and permits closed, before occupancy. It is the responsibility of the owner or owner's agent to make an application to the Municipality for an Occupancy and Completion Certificate prior to taking occupancy.
- l) As part of the development permit review the Development Officer considered the following items checked in the table below, and relevant conditions were imposed on the development permit as deemed applicable:

Right to Appeal

This decision may be appealed within 21 days after the notice of decision. You may file an appeal with the required appeal fee by the appeal deadline. THE LAND AND PROPERTY RIGHTS TRIBUNAL has jurisdiction to hear an appeal of the Development Authority's decision on this development permit.

RE: Development Permit #2026-079

We, the owners of neighboring properties to the proposed "Tourist Home" object to the granting of the Development Permit on the following grounds:

- It will change the community feel of this close knit street
- It will disrupt the quiet enjoyment of our predominantly residential properties due to frequent turnover of the property, noise, late night foot traffic
- It causes safety concerns due to the home backing onto a wooded hillside and the risk of fire
- Improper disposal of garbage creating animal attractants
- Security concerns with strangers in the neighborhood

STANDARDS FOR SHORT-TERM RENTAL / BED & BREAKFAST AND TOURIST HOME

1. DEFINITIONS

- 1.1 **Short-Term Rental / Bed & Breakfast** means the operation of short-term commercial accommodation within a dwelling unit, including a Secondary Suite or a room(s) in or a portion of a dwelling unit for a period not exceeding 30 days, and the owner of the property is required to occupy the dwelling unit as their primary residence and be present on the premises during the operation of the Short-Term Rental / Bed & Breakfast. Refer to the definition of Primary Residence. Short-Term Rental / Bed & Breakfast does not include a boarding house, hotel, hostel, motel, or Tourist Home.
- 1.2 **Tourist Home** means the operation of short-term commercial accommodation within a dwelling unit where the entire property is rented to only one reservation at a time for a period not exceeding 30 days and the owner of the property is not required to occupy the dwelling unit as their primary residence. Refer to the definition of Primary Residence. Tourist Home does not include a boarding house, hotel, hostel, motel, or Short-Term Rental / Bed & Breakfast.
- 1.3 **Tourist Home Rental Unit** means the building or portion thereof and the entire premises contained in a certificate of title that are rented as a single reservation to a party who occupies either the entire building or a portion thereof and the entire premises for the rental period.
- 1.4 **Primary Residence** means the residence where a person normally resides and has control and management of the property by a form of ownership.

2. STANDARDS

2.1 General Standards

- (a) A Short-Term Rental / Bed & Breakfast and a Tourist Home may be allowed only in a land use district where Short-Term Rental / Bed & Breakfast and/or Tourist Home are specifically listed as uses – no other uses in any district shall be interpreted to be “similar uses”.
- (b) The Development Officer shall maintain an inventory by civic address and/or map of all Short-Term Rental / Bed & Breakfast and Tourist Home operations that have been issued a development permit and a business license. This inventory shall inform the Development Authority’s decision in the case of discretionary use applications.
- (c) The Development Officer shall notify the owners of all adjacent properties, and, only in the R-1 to R-5 land use districts, also those properties within 100 metres (328 ft) of the subject property, on both sides of the street in which the subject property is located of the Development Authority’s decision to approve a discretionary use Short-Term Rental / Bed & Breakfast or Tourist Home.
- (d) The operator of a Short-Term Rental or Tourist Home shall be made aware through the issuance of a development permit of their responsibility to comply with federal and provincial legislation (e.g. Alberta Health, the Safety Codes Act, and Fire Code regulations) and other municipal bylaws [e.g. the Community Standards Bylaw regarding the control of wildlife attractants (e.g. by providing a bear proof garbage receptacle), restrictions on noise, loud music or other disturbances, fire bans, and the requirement to obtain a business license under the Business License Bylaw).

2.2 Separation Distance

- (a) There shall be a minimum separation distance of 200 m between Tourist Homes in the Residential R-1 to R-5 land use districts.
- (b) The 200 m separation distance shall be measured from points located on the property lines in closest proximity to each other between two Tourist Homes.
- (c) The Development Authority shall not approve a variance to the 200 m separation distance.

2.3 Maximum Occupancy and Number of Rental Units shall be determined as follows:

(a) for a Short-Term Rental / Bed & Breakfast:

- (i) The Developmental Authority shall not approve a development permit for both a Short-Term Rental / Bed & Breakfast and a Tourist Home on the same property.
- (ii) During all times that a Short-Term Rental / Bed & Breakfast is rented to guests, the landowner shall occupy either the principal dwelling unit or a portion thereof or a Secondary Suite or one of the Duplex / Semi-Detached Dwelling units on the property from where a Short-Term Rental / Bed & Breakfast is operated.
- (iii) A Short-Term Rental / Bed & Breakfast operation may offer for rent more than one rental unit in the operation in accordance with the definition established in this Schedule, subject to complying with the parking requirements and restricting occupancy to two guests per bedroom including one bonus room (e.g., the living room with pull-out couch). The Development Authority shall not approve any variance to the maximum occupancy standard or the off-street parking standard for a Short-Term Rental / Bed & Breakfast.

(b) for a Tourist Home:

- (i) The Developmental Authority shall not approve a development permit for both a Tourist Home and a Short-Term Rental / Bed & Breakfast on the same property.
- (ii) In the R-1 to R-5, CSV, CRV, GCR-1 and NUA-1 land use districts, the Development Authority shall not issue a development permit for more than one Tourist Home rental unit as defined in this Bylaw per certificate of title, regardless of the number of approved dwelling units on the parcel (e.g. a Single-Detached Dwelling, a Secondary Suite, a Duplex / Semi-Detached Dwelling, a Multi-unit Residential Building or an Apartment Building).
- (iii) On a parcel in any land use district except the C-1 and C-2 districts where a development permit for a Secondary Suite had previously been issued, the Development Authority shall, as conditions of approval:
 - (A) require that those portions of the building and premises that are not rented as part of the approved Tourist Home rental unit (e.g. either the Single-detached Dwelling or the Secondary Suite), shall remain unoccupied during the rental period of the Tourist Home; and/or
 - (B) require that the building or portion of the building that is designed as a Secondary Suite shall not be operated as a Secondary Suite unless the development permit for a Tourist Home is surrendered and revoked; and/or;
 - (C) require that the entire property / building is rented as one Tourist Home rental unit for a single reservation.

- (iv) On a parcel in any land use district except the C-1 and C-2 districts where the principal building is a Duplex / Semi-Detached Dwelling owned under a single certificate of title, the Development Authority shall, as a condition of approval, require that both units in the Duplex / Semi-Detached Dwelling are rented as one Tourist Home rental unit for a single reservation pursuant to the Tourist Home maximum occupancy standards established in this Bylaw for the applicable land use district, and that the separate rental of one or both Duplex / Semi-Detached Dwelling units under the *Residential Tenancies Act* shall require that the development permit for a Tourist Home is surrendered and revoked.
- (v) A Tourist Home in any land use district where it is listed as a use shall comply with the maximum occupancy standards stated in the **table below**, in addition to the applicable parking standards. The maximum occupancy shown in the table below is the maximum number of guests over the age of two that may be advertised for rental accommodation, subject to the ability to accommodate the off-street parking requirement as stated in Schedule 6 and a maximum of 2 guests per bedroom including one bonus room (e.g., the living room with pull-out couch). The Development Authority shall not approve any variance to the maximum occupancy standard or the off-street parking standard for a Tourist Home.

Land Use District	Maximum Occupancy
Residential R-1 to R-5	6
CSV and CRV	8
Grouped Country Residential – GCR-1 Non-Urban Area – NUA-1 Retail Commercial – C-1 Drive-In Commercial – C-2	Based on the number bedrooms and the site conditions to comply with the off-street parking requirements

(c) **for Short-Term Rental / Bed & Breakfasts and Tourist Homes**

- (i) The number of rental unit(s) and bedrooms in and the maximum occupancy of the Short-Term Rental / Bed & Breakfast or the Tourist Home, as provided for in this Schedule, shall be stated on the application form and included as a condition of approval in the development permit. The Development Authority may limit the number of rental units and/or reduce the maximum occupancy of a Short-Term Rental / Bed & Breakfast or a Tourist Home established in the above standards on a case-by-case basis, based on considerations stated in this Schedule.

2.4 **Recreational Vehicles:** A recreational vehicle shall not be used as accommodation for the landowner / operator, other residents of the property or for the guests in a Short-Term Rental / Bed & Breakfast or a Tourist Home.

2.5 **Parking**

- (a) The off-street parking standards for a Short-Term Rental / Bed & Breakfast or Tourist Home shall be in accordance with Schedule 6, Section 8 of this Bylaw, and the parking of all vehicles, including recreation vehicles, utility trailers and ATV trailers shall not be allowed on the street, regardless of the provisions in other municipal bylaws (e.g. for landowner on-street parking or the recreational vehicle of the landowner).

G6

- (b) The Development Authority shall not approve a variance to the off-street parking standard for a Short-Term Rental / Bed & Breakfast or a Tourist Home in any District that is not within the Historic Commercial Areas Overlay District.
- (c) In the R-1 to R-5, CSV and CRV land use districts, the vehicles of guests visiting the renting guests of a Short-Term Rental / Bed & Breakfast or a Tourist Home may be parked on the street for the duration of the visit, subject to other provisions in this Schedule.

2.6 Guests Visiting Renters

- (a) In the R-1 to R-5, CSV and CRV land use districts, guests visiting the renting guests of a Short-Term Rental / Bed & Breakfast or a Tourist Home shall not exceed the number of people that can be reasonably accommodated in two passenger vehicles including a mini-van, and such visitors shall not become *de facto* renters or occupants of the Short-Term Rental / Bed & Breakfast or the Tourist Home, i.e. the guests shall not be allowed to stay overnight in the rental unit.

2.7 Work Crews and Home Occupation – Class 2

- (a) In the R-1 to R-5, CSV, CRV, GCR-1, and NUA-1 land use districts, a Short-Term Rental / Bed & Breakfast or a Tourist Home shall not be rented for any period of time to or occupied by a person or by a work crew, where such person or work crew:
 - (i) requires bringing a commercial vehicle (other than a standard passenger vehicle/truck which is the person's employment vehicle) or equipment to the premises; or
 - (ii) requires using the premises for any portion of an occupation that is reasonably categorized as a business, including a Home Occupation – Class 2 (except the landowner who has complied with the provisions of this Bylaw regarding Home Occupations).

2.8 Advertising and Apprising Renters and Guests of the Applicable Rules

- (a) The Short-Term Rental / Bed & Breakfast development permit owner shall provide their personal contact information to the Development Officer. The Tourist Home development permit owner shall provide to the Development Officer the name and phone number of a local person (an adult) who can respond to any complaints in person within a 30-minute contact time), and who is authorized to act as their representative. The owner of the Short-Term Rental / Bed & Breakfast operation or the Tourist Home shall be required as a condition of approval to keep this information up to date throughout the lifetime of the Short-Term Rental / Bed & Breakfast or Tourist Home operation.
- (b) The Short-Term Rental / Bed & Breakfast or Tourist Homeowner shall post their development permit number and business license number and the approved number of rental units and the maximum occupancy on all of their advertisements of the rental property as a condition of development permit approval.
- (c) The operator of a Short-Term Rental / Bed & Breakfast or a Tourist Home shall make available to their guests a copy of this Schedule, the Community Standards Bylaw, the Fire and Rescue Services Bylaw, and shall ensure that guests are aware of and adhere to the rules established in those bylaws and posted fire bans in the area – albertafirebans.ca.

2.9 Signage

- (a) The landowner of the property on which a development permit for a Short-Term Rental / Bed & Breakfast or Tourist Home is applied for shall be required as part of submitting a complete development permit application and as a condition of the development permit to provide and maintain:
 - (i) In a residential district, one Home Occupation, Tourist Home and Short-Term Rental / B&B Sign between 0.18 m² (3 ft²) and 0.72 m² (8 ft²), that shall not extend more than 1.5 metres (5ft) above grade and shall be located in the front yard visible to the public; and
 - (ii) in a commercial district, a sign to the Development Officer's satisfaction.

2.10 Compatibility with Neighbouring Parcels of Land

- (a) The operation of a dwelling unit in a residential land use district as a Short-Term Rental / Bed & Breakfast or Tourist Home shall not alter or detract from the appearance or use of the subject property as a residential property, or from the general character of the immediate residential neighbourhood, and shall not unduly interfere with the amenities of the residential neighbourhood or materially interfere with or affect the use, enjoyment, or value of neighbouring parcels of land.
- (b) In the R-1 to R-5, CSV, CRV, GCR-1 and NUA-1 land use districts, the Development Authority may deny a discretionary use development permit application for a Short-Term Rental / Bed & Breakfast or a Tourist Home, including for, but not limited to, the reason that other Short-Term Rentals / Bed & Breakfasts, Tourist Homes or Home Occupations – Class 2 had previously been approved in the immediate neighbourhood and that the addition of another in the same area will, in the sole discretion of the Development Authority, unduly interfere with the amenities of the neighbourhood or will materially interfere with or affect the use, enjoyment, or value of neighbouring parcels of land – for example, as a result of concerns related to expected additional traffic volume, parking of vehicles, late night noise, etc.

3. TEMPORARY NATURE AND EXPIRY OF A SHORT-TERM RENTAL / BED & BREAKFAST AND TOURIST HOME DEVELOPMENT PERMIT

- 3.1 The development permit for a Short-Term Rental / Bed & Breakfast or Tourist Home shall be temporary, and the period for which it shall be valid and during which the use may be operated shall coincide with the period during which:
 - (a) the original applicant for and holder of the development permit continues to be the landowner; and
 - (b) the landowner holds an active Business License; and
 - (c) the development permit complies with the standards established in this Schedule, as these standards may be amended from time to time.
- 3.2 For greater clarity:
 - (a) In the event that the property is transferred to a third party the development permit shall expire, and a new development permit application by the new landowner shall be required to continue the use; and
 - (b) if the Business License lapses, is transferred to another person, or is revoked for any reason, the development permit shall expire, and a new application shall be required to reinstate the development permit and subsequently the business license; and

- (c) at the annual renewal of the business license, if this Bylaw has been amended regarding the standards for Short-Term Rentals / Bed & Breakfast or Tourist Home since the initial issuance of the development permit or since the previous business license was issued, the initial development permit shall expire and the applicant for the business license is required to obtain a new or revised development permit in compliance with the revised standards – i.e. a “non-conforming” Short-Term Rental / Bed & Breakfast or Tourist Home shall not be operated without renewing the development permit to comply with amended standards and conditions.

4. CONTRAVENTIONS, FINES AND PENALTIES

- 4.1 Contraventions/violations of this or any other municipal bylaw by the operator of a Short-Term Rental / Bed & Breakfast or a Tourist Home or by their guests shall result in the issuing of fines and penalties to the perpetrator (i.e. either the landowner or the guests as may be applicable), pursuant to the Fees Rates and Charges Bylaw. Refer to the Administration part of this Bylaw.

MEMORANDUM

To: Subdivision and Development Appeal Board (SDAB)

From: Katherine Mertz, Development Officer

Date: September 10, 2026

Re: SDAB File: DP2026-079 – hearing scheduled for September XX, 2026

Municipal File: DP2026-079

Roll File: 3074702

1.0 Location (see Map and photos attached):

- 1.1 The subject property, described as Lot(s) 9-10, Block 23 Plan 5150S, is located in Hillcrest.
- 1.2 The subject parcel is 18.28m wide and 36.58m in length. An undeveloped road allowance lies to the north and a 6m lane to the west. Residential R-1 properties are developed to the east and Non-Urban Area NUA-1 larger parcels of 3 acres, or more are vacant or established as acreages to the west. (See Map 1, 2 and Photos attached)

2.0 Proposed Development and Standards:

- 2.1 For a “Tourist Home” (discretionary use)

***Tourist Home** means the operation of short-term commercial accommodation within a dwelling unit where the entire property is rented to only one reservation at a time for a period not exceeding 30 days and the owner of the property is not required to occupy the dwelling unit as their primary residence. Refer to the definition of Primary Residence. Tourist Home does not include a boarding house, hotel, hostel, motel, or Short-Term Rental / Bed & Breakfast.*

- 2.2 The development permit application submitted on June 4, 2026, was deemed complete on July 23, 2026, following an extension granted by the applicant on June 18, 2026. The notice of decision was issued on August 13, 2026, with a 21-day appeal period.
- 2.2 Section 11.2 (c) in the Administration section of the Land Use Bylaw authorizes the Development Officer to decide upon a discretionary use Tourist Home application that meets all the applicable minimum standards in the Land Use Bylaw Residential R-1 land use district and outlined in Schedule 17 Short-Term Rentals / Bed & Breakfasts and Tourist Homes.

TOURIST HOME - STANDARDS	PROPOSED	VARIANCE REQUESTED
Minimum separation distance between Tourist Homes- 200m (R-1 through R-5)	345m	(The Development Authority cannot approve a variance)
# of off-street parking stalls (1 stall per 4 guests)	2	NA
# of Guests Per Bedroom - Maximum two guests per bedroom	2	N/A
Maximum Occupancy - Maximum of 6 guests over the age of two in the Residential R-1 district.	6	N/A
Maximum Number of Rental Units - Maximum one	1	N/A
Sign Residential Districts: one sign is required, between 0.18m ² and 0.72m ² in sign area, not exceeding 1.5m in height, and located in the front yard	0.36m ² x 0.6m ² = 0.21m ²	N/A

- I. The proposed development permit exceeds the minimum standard of 200m separation distance between Tourist Homes. (See Map 3 attached).
- II. The proposed site plan provides two (2) parking stalls. Section 8 of Schedule 6 Standards for Off-Street Parking and Loading Areas requires a minimum of 1 parking stall per four (4) guests. The parking requirement for 6 guests is two stalls.
- III. The dwelling unit contains 3 bedrooms, and 1 bonus room. Section 2.3 of Schedule 17 Standards for Short-Term Rentals / Bed & Breakfast and Tourist Homes stipulates a maximum of 2 guests per bedroom including one bonus room. Although the dwelling can accommodate 8 guests, the Development Authority does not have the mandate to vary the maximum occupancy standard of 6 guests in the R-1 District [see Land Use Bylaw Administration section 5.1 (b) (iii)].
- IV. A Development permit application was submitted for the operation of a Tourist Home with a maximum occupancy of 8 guests. The land use bylaw standard for maximum occupancy in a Tourist Home is 6 guests in the Residential R-1 land use district, therefore the application required a variance.
- V. Typically, the Development Authority may approve a variance to any development standard. In the case of Tourist Homes and Short-Term Rentals / Bed & Breakfasts, the Municipal Council, based on a balanced view of all public input, stipulated that the Development Authority shall not approve variances of specific standards, including the maximum occupancy.

- As a result, the Development Authority could take one of two approaches to the application that proposed an occupancy of 8 guests:
 - deny the application which requested a variance of the maximum occupancy from six to eight guests, or
 - approve the development permit while denying the variance request for the maximum occupancy, and impose a condition that the maximum occupancy shall not exceed six guests over the age of two years.
- VI. After some discussion between the applicant and the Development Office, the applicant revised the application to a maximum of 6 guests.
- VII. The number of parking stalls and bedrooms meet the standards to accommodate up to eight guests however, the maximum occupancy in the Residential district is six (6) guests regardless of the parking and sleeping areas available.
- VIII. In the R-1 to R-5, CSV, CRV, GCR-1 and NUA-1 land use districts, the Development Authority shall not issue a development permit for more than one Tourist Home rental unit as defined in this Bylaw per certificate of title, regardless of the number of approved dwelling units on the parcel (e.g. a Single-Detached Dwelling, a Secondary Suite, a Duplex / Semi-Detached Dwelling, a Multi-unit Residential Building or an Apartment Building).
- require that those portions of the building and premises that are not rented as part of the approved Tourist Home rental unit (e.g. either the Single-detached Dwelling or the Secondary Suite), shall remain unoccupied during the rental period of the Tourist Home; and/or
 - require that the entire property / building is rented as one Tourist Home rental unit for a single reservation.
 - Development Permit DP2026-024 was issued April 2, 2026 for a “Single -Detached Dwelling” (permitted use) and for a “Secondary Suite, Attached” (Basement Suite) (permitted use).
- IX. The proposed sign meets the minimum standards in the Sign Standards section 2.9 of Schedule 17.

3.0 Policies and Standards:

- 3.1 The Government of Alberta supports tourism growth opportunities such as the proposed development through the **South Saskatchewan Regional Plan**:

p. 19 - The Castle Region as an area of economic importance for tourism. The Castle area has been identified as an area with significant and attractive natural features that could provide unique and authentic tourism experiences. Development of commercial tourism and recreation around these tourism experiences can enhance visitation and drive visitor economy. The growth of tourism in

the region can support economic diversification by making local economies less reliant on traditional resource-based industries and supporting growth in other sectors such as transportation, retailing, construction and agriculture. Tourism can also generate demand for more businesses to provide goods and services, creating employment, attracting investment and contributing to government revenues.

p. 50 – Tourism - Objective: the region is positioned as a world-class, year-round, tourism destination. Strategies: 1.19. Enhance Tourism Destination Areas within the South Saskatchewan Region (Kananaskis, Canadian Badlands and Southwest Alberta) by engaging with aboriginal communities, municipalities, industry and local stakeholders.

3.2 The Council of the Municipality of Crowsnest Pass supports tourism development through its 2021 **Municipal Development Plan Bylaw No. 1059, 2020:**

p. 30 – Council took a pro-active, strong policy position to support tourism as a future growth sector for the Crowsnest Pass by stating in the Growth Strategy on p. 30 of the MDP as follows: “Become a top tourism destination in the province and capitalize on the economic spin-offs from tourism driven development”.

3.3 **Land Use Bylaw 1165, 2023** - Council’s vision in the Municipal Development Plan for the Crowsnest Pass to become one of the top tourist destinations in the province, supported by the expectation of tourism growth, required that the MDP policy was implemented by an appropriate land use bylaw amendment that provides practical direction for development decision-making. On July 12 2022 Council adopted a comprehensive landuse bylaw amendment (Bylaw 1103, 2021) that introduced Short Term Rentas / Bed & Breakfasts and Tourist Homes into specific land use districts and standards.

Administration Section:

13.3 When making a decision on a development permit for a discretionary use, the Development Authority shall seek to achieve the orderly, compatible, economical and beneficial use of land, development, and patterns of settlement, and to maintain and improve the quality of the physical environment, within the following context, but not limited to it:

- (a) the decision must be in accordance with the South Saskatchewan Regional Plan;
- (b) the decision must have regard to applicable statutory plans and comply with the same however, where discrepancy exist between an applicable statutory plan and this Bylaw, the Land Use Bylaw takes precedence over a statutory plan;
- (c) the decision must have regard to the provisions of applicable non-statutory plans or studies affecting the parcel or type of development;
- (d) the appropriateness of the location and the suitability of the parcel for the proposed development;

- (e) the compatibility and impact of the proposed development with respect to existing and future adjacent development and the neighbourhood;
- (f) the merits of the proposed development;
- (g) access, transportation and servicing requirements;
- (h) the Subdivision and Development Regulation;
- (i) stormwater management and site grading;
- (j) the land use definitions, the purpose statement of the applicable land use district, the development standards of the applicable land use district and the applicable Schedules in this Bylaw.

21.0 The Subdivision and Development Appeal Board, in determining an appeal, may exercise its discretion, to any extent that it deems appropriate, relative to the variance of any measurable development standard established in this Bylaw, except when such a measurable standard is established in a land use table or in a land use definition, or when it is prohibited in the Municipal Government Act.

21.1 Any person affected by a decision of, or an order, issued by the Development Authority or by the Development Authority's failure to make a decision within the legislated timeline, has the right, pursuant to the Municipal Government Act, to appeal said decision, order or failure in accordance with the relevant provisions of the Act.

21.2 An appeal shall be commenced by serving a written notice of the appeal to the Subdivision and Development Appeal Board or the Land and Property Rights Tribunal, as the case may be, and the reasons for it in accordance with the relevant provisions of the Municipal Government Act within 21 days after the written decision is given or the order is made or the date on which the legislated timeline or extension expires.

21.3 Any person affected by a decision of an appeal body may appeal such decision to the Court of Appeal in accordance with the relevant provisions of the Act.

21.4 Upon receiving an appeal, the Subdivision and Development Appeal Board shall notify those persons that are required to be notified of an approval or a refusal of a development permit.

Schedule 2- Residential R-1 Land Use District (attached for reference)

Schedule 17- Standard For Short-Term Rental / Bed & Breakfast and Tourist Home (attached for reference)

Based on the arguments set forth above, the DA respectfully request that the SDAB dismiss this appeal and uphold the decision by the Development Authority.
